Seller's signed acknowledgment, acceptance of payment, or commencement of performance shall constitute Seller's acceptance of this Contract and all terms and conditions contained herein. Unless expressly accepted in writing by Buyer, additional or differing terms or conditions proposed by Seller or included in Seller's acknowledgment are objected to unconditionally and have no effect on this Contract.

2. General Relationship

Nothing contained in this Contract shall be deemed or construed to create a partnership, joint venture, agency, or other relationship other than that of contractor and customer. Seller is not an employee of Buyer for any purpose whatsoever. Seller agrees that in all matters relating to this Contract it shall act as an independent contractor and shall assume and pay all liabilities and perform all obligations imposed with respect to Seller's employees. Seller shall have no right, power, or authority to create any obligation, expressed or implied, on behalf of Buyer and/or Buyer's customers and shall have no authority to represent Buyer as an agent.

3. Packing and Shipping

Goods purchased hereunder shall be suitably packed and prepared for shipment, comply with any specific transportation specifications of Buyer, and comply with carrier's regulations. All charges for packing, crates, and transportation are included in the price for the Goods and shall be paid by Seller. A packing list shall accompany each box or package shipment showing the order number, item number, quantity, and a description of the goods. If no such packing list accompanies a shipment, Buyer's count, weight or other measure shall be final and conclusive. Buyer shall not be obligated to accept any shipments in excess of the ordered quantity and any excess or advance shipments may be returned to Seller at Seller's expense.

4. Delivery, Inspection, and Acceptance

Time is of the essence in this Contract. The date specified for delivery or performance is the required delivery date at Buyer's facility or other specified location ("FOB Destination"), unless otherwise stated. In the event of any anticipated or actual delay, including but not limited to delays attributed to labor disputes, Seller shall: (i) promptly notify Buyer in writing of the reasons for the delay and the actions being taken to overcome or minimize the delay; (ii) provide Buyer with a written recovery schedule; and (iii) if requested by Buyer, ship via air or other expedited routing, at no additional cost to Buyer, to avoid or minimize delay to the maximum extent possible.

Buyer may refuse any Goods or Services and cancel all or any part hereof if Seller fails to deliver all or any part of any Goods or perform all or any part of any Services in accordance with the terms specified herein. If Seller's deliveries will not meet agreed schedules, Buyer may direct Seller to expedite such delivery at Seller's cost. Delivery shall not be deemed to be complete until goods have been received and accepted by Buyer, notwithstanding delivery to any carrier, or until services have been performed, received, and accepted.

All Goods supplied and Services performed shall be subject to inspection and test by Buyer, its agents and its customers prior to acceptance. Buyer and its customer may inspect the Goods or Services at reasonable agreed upon times and places, when practicable during manufacture, and before shipment. In the event Goods or Services are not in accordance with this Contract or fail to meet any specific inspection requirements of Buyer, Buyer may require prompt correction, modifications, repair,

replacement, or re-performance thereof at Buyer's option and Seller's sole expense and risk, including all packaging and shipping charges. If Seller is unable to accomplish the foregoing remedies within the original agreed schedule, then Buyer may procure such Goods or Services from another source and Seller shall be liable for any excess costs. Buyer's approval of any Seller submittals shall not relieve Seller of its obligations hereunder.

Acceptance of any part of the Contract shall not bind Buyer to accept future shipments or performance of services nor deprive it of its right to cancel or return all or any part of the Goods because of failure to conform to the Contract or by reason of defects, whether latent or patent, or other breach of warranty, or to make any claim for damages. Seller shall bear the risk of loss of, or damage to, the supplies covered by this Contract, until accepted by Buyer.

5. Tools, Materials, and Information

Designs, sketches, drawings, blueprints, patterns, dies, molds, tools, gauges, equipment, or special appliances made or procured by Seller especially for producing the Goods or Services covered by this Contract, unless otherwise provided, immediately upon manufacture or procurement shall become the property of Buyer. Unless otherwise provided on the face of this Contract or by modification of this Contract, any such items or materials or engineering data or other technical proprietary information furnished by and paid for by Buyer shall become consignment at Seller's risk, shall be used exclusively in the production of Buyer's products required by this Contract, shall be subject to disposition by Buyer at all times, and, upon demand, shall be delivered to Buyer.

Any Government Furnished Property or Buyer Furnished Property provided under this Contract may be identified in the Performance Work Statement, which has been incorporated as an attachment to this Contract (if applicable). Buyer will furnish the item(s) of property as Government Furnished Property or Buyer Furnished Property to the Seller at the FOB Destination for use in performance of this Contract. Seller shall comply with the requirements at FAR 52.245-1, 52.245-2, and 52.245-9, as applicable, in all circumstances where property is furnished to the Seller.

It is recognized and agreed that for efforts originating under this Prime Contract, the Parties may be required to and shall grant licenses or other rights to the Government to inventions, data, and information under such provisions that may be contained in the Prime Contract. Nothing herein is intended to, nor shall it limit or remove, any such Governmental rights.

6. Contract Value

Any work performed shall be subject to the Funding Value stated above, which is the maximum aggregate value that may be issued under this Contract.

This Contract is currently funded in the amount stated on the face of the Order ("Funding Value") as specifically detailed in the Funding Summary attachment. Buyer is not obligated to compensate Seller beyond the Funding Value. Seller's compensation shall be based on work performed in accordance with this Contract, and the Funding Value shall not be construed as Seller's minimum compensation. Seller shall notify the Buyer in writing when the compensation for any work performed is approaching seventy-five percent (75%) of the Funding Value. It is mutually agreed and understood that the 75% notification requirement applies to each increment of funds provided to Seller under this Contract.

7. Period of Performance

The Period of Performance for this Contract is stated on the face of the Order (“Period of Performance”), unless modified in writing by mutual Contract of the Parties. Buyer is not obligated to compensate Seller for work performed outside the Period of Performance.

Buyer may exercise the options outlined in the Seller’s proposal to extend the Period of Performance of this Contract by giving written notice to the Seller before the end of the then current Period of Performance. Buyer, at its sole discretion, may choose to not exercise an option irrespective of the exercise of any prime contract option.

8. Warranty

Seller warrants that all Goods supplied shall be new and Goods and Services furnished shall strictly conform to applicable specifications, drawings, samples, descriptions, and other requirements of this Contract and be free from defects in design, material, and workmanship. This warranty shall begin upon final acceptance and extend for a period of one (1) year. If any Goods or Services are identified as not meeting the requirements of this Contract within the warranty period, Seller, at Buyer’s sole discretion, shall promptly repair, replace, or re-perform the Goods or Services at Seller’s expense. If repair, or replacement, or re-performance is not done within a reasonable, agreed upon time, Buyer may elect to return, re-perform, repair, replace or re-procure the non-conforming Goods and Services at Seller’s expense. All warranties shall run to Buyer’s customers.

9. Invoices

Seller shall submit invoices, no more frequently than monthly to the Buyer in accordance with the following instructions:

- (i) Each invoice must be signed and approved by an authorized representative of the Seller **who shall certify** that the invoiced amounts are accurate and that the Seller has, in its possession, records for all direct and indirect costs expended to substantiate the invoices submitted to Buyer. It should further be certified that the individuals being invoiced meet the required labor category, education, and experience qualifications.
- (ii) Unless otherwise specified, prices include all applicable federal, state, and local taxes, duties, tariffs, and similar fees imposed by any government. All taxes, assessments, and similar charges levied with respect to or upon any such products or services provided by Seller under this Contract shall be the responsibility of Seller.

Specific invoicing instructions can be found on the face of the Order.

10. Allowable Costs

Buyer is not obligated to pay more than the agreed price as stated and in accordance with the face of the Order. Buyer may make any adjustments in Seller’s invoices due to shortages, late delivery, rejections, or other failure to comply with the requirements of this Subcontract before payment.

11. Closeout

Seller shall submit Buyer’s close-out documentation within ninety (90) days after Seller’s final deliverable is accepted, along with the final invoice that shall contain the statement “*This FINAL INVOICE was prepared using final audited rates as applicable to material, travel and/or other direct costs.*”

Seller’s failure to submit close-out documentation by the applicable due date above will result in the Buyer’s unilateral issuance of final payment to Seller or unilateral de-obligation of funds, which Seller

agrees to accept as final and complete payment in full satisfaction of Buyer's obligations hereunder. Failure of Seller to invoice Buyer within the timeframe specified above relieves Buyer of all financial obligations, liabilities and payments to Seller for any and all unbilled costs, profit and/or fees under the Contract.

Buyer shall have the right to unilaterally reduce Seller's funding to the amount invoiced when government fiscal year appropriations expire ("Cancelling Funds") before the Seller is obligated to submit an adjusted invoice in accordance with this Contract.

12. Payment and Record Retention

Invoices submitted that are approved, complete, and accurate shall be paid, unless otherwise provided, by net sixty (60) days less any offset for any amount owed to Buyer. Payment shall be deemed to have been made on the date of mailing or electronic funds transfer. The price(s) set forth herein shall include all applicable Federal, State, and local taxes and duties. Payment shall not constitute final acceptance. Payment shall be subject to reduction to the extent the amounts are found by Buyer or Seller not to have been properly payable and shall be subject to reduction for overpayment. Seller shall promptly notify Buyer of any such overpayment and remit the overpayment except as otherwise directed by Buyer.

At any time before final payment under this Contract, Buyer may request, and Seller shall allow and support, an audit of the invoices and supporting documentation. Seller shall retain all records related to this Contract for at least three (3) years after the completion of this Contract. Records related to this Contract include, but are not limited to, financial, proposal, procurement, specifications, production, inspection, test, quality, shipping and export, and certification records. At no additional cost, the Seller shall timely provide access to such records to the U.S. Government upon request.

13. Compliance with Law

Seller shall comply with all export and import laws, regulations, decrees, orders, and policies of the U.S. Government including, but not limited to, the Export Administration Regulations ("EAR") of the U.S. Department of Commerce and the International Traffic in Arms Regulations ("ITAR") of the U.S. Department of State (collectively, "Trade Control Laws").

Seller shall control the disclosure of, and access to, controlled items or technical data provided by the Buyer related to the performance of this Contract and/or task order(s) in compliance with all applicable Trade Control Laws. The Seller shall not transfer (to include transfer to foreign persons employed by Seller, associated with the Seller, under contract to Seller, Seller's supplier, or Seller's subsidiaries) any export-controlled item, data or services without providing advance notice to the Buyer and obtaining the requisite export and/or import authority.

Subject to applicable Trade Control Laws, Seller shall provide the Buyer with the export control classification of any commodity or technology including software.

Seller represents that it maintains effective export/import control compliance program in accordance with all applicable Trade Control Laws. A copy of process control documents and other documents reasonably requested by the Buyer related to the Seller's compliance with applicable Trade Control Laws shall be made available to the Buyer upon request.

Seller shall promptly notify the Buyer if the Seller is or becomes listed in any Denied Parties List or if the Seller's export privileges are otherwise denied, suspended, or revoked in whole or in part by any U.S. Governmental entity.

Seller shall promptly inform the Buyer of any actual or alleged violations of any applicable Trade Control Laws, including any suits, actions, proceedings, notices, citations, inquiries, or other communications from any government agency concerning any actual or alleged violations in the Seller's performance under this Contract and shall comply with all reasonable requests from the Buyer for information regarding such violations.

Seller and its suppliers shall comply with FAR 52.222-50, Combating Trafficking in Persons, which is incorporated by reference, and ensure it informs its employees and suppliers of their responsibility to report human trafficking violations at any tier of the supply chain using any appropriate disclosure channel, including but not limited to: Government's Global Human Trafficking Hotline (844) 888 FREE and its email address at help@befree.org. Buyer does not tolerate retaliation of any kind against individuals who, in good faith, raise questions or report concerns, and Seller shall notify its employees of their whistleblower rights under 10 U.S.C. 2409 and DFARS Section 203.9. Seller shall flow down this Article to all suppliers at any tier. Seller's failure to comply with this Article shall be deemed a material breach of the Order.

14. Changes

Buyer may at any time, by written notice from their Buyer Procurement Representative, make changes within the general scope of this Contract in any one or more of the following: (i) drawings, designs, or specifications; (ii) method of shipping or packing; (iii) place of inspection, acceptance, or point of delivery; and (iv) delivery schedule.

Only the Buyer's Procurement Representative has authority on behalf of Buyer to make changes to this Contract. All amendments must be identified as such in writing and executed by the Parties. Specifically, changes which affect the price, schedule, statement of work or the terms and conditions shall be made only with written authorization from Buyer's Procurement Representative. No changes to this Contract shall be binding upon Buyer unless incorporated in a written modification signed by Buyer's Procurement Representative.

Buyer engineering and technical personnel may from time to time render assistance or give technical advice or discuss or effect an exchange of information with Seller's personnel concerning the Work hereunder. No such action shall be deemed to be a change under the "Changes" clause of this Contract and shall not be the basis for equitable adjustment.

Seller must assert its right to an equitable adjustment under this clause within twenty (20) days from the date of receipt of the written change order from Buyer. This assertion must include the amount of the equitable adjustment and the basis for the equitable adjustment.

Equitable adjustment assertions based on changes to federal, state, or local laws, rules, and regulations will only be approved if Buyer's customer approves them. Failure by the Seller to assert claims related to this paragraph in a timely manner or denial by Buyer's customer to grant the equitable adjustment relieves Buyer of all liability for these assertions and any proposed equitable adjustment.

Failure to agree to any adjustment shall be resolved in accordance with the “Disputes” clause of this Contract. However, nothing contained in this “Changes” clause shall excuse Seller from proceeding without delay in the performance of this Contract as changed.

15. Counterfeit Work/Goods

The requirements of FAR 52.246-26, relating to the Reporting of Nonconforming Items, are incorporated here by reference.

The following definitions apply to this clause:

1. “Counterfeit Work” means product or material that is or contains unlawful or unauthorized reproductions, substitutions, or alterations that have been knowingly mismarked, misidentified, or otherwise misrepresented to be an authentic, unmodified part from the original manufacturer, or a source with the express written authority of the original manufacturer or current design activity, including an authorized aftermarket manufacturer. Unlawful or unauthorized substitution includes used work represented as new, or the false identification of grade, serial number, lot number, date code, or performance characteristics.
2. “Suspect Counterfeit Work” means product or material for which credible evidence (including but not limited to, visual inspection or testing) provides reasonable doubt that the work part is authentic.

Seller shall not deliver Counterfeit Work or Suspect Counterfeit Work under this Contract.

Seller shall only purchase products to be delivered or incorporated as material to the Buyer directly from an Original Component Manufacturer (OCM), Original Equipment Manufacturer (OEM), or through an OCM/OEM authorized distribution chain. Products or materials shall not be acquired from an independent distributor or broker unless the Buyer has provided prior written approval.

The Seller shall promptly notify the Buyer with the pertinent facts if the Seller becomes aware or suspects that it has furnished Counterfeit Work or Suspected Counterfeit Work. When requested by the Buyer, the Seller shall provide OCM/OEM documentation that authenticates traceability of products or materials to the applicable OCM/OEM.

This clause applies in addition to any quality provision, specification, statement of work, or other provision provided in this Contract addressing authenticity of work. To the extent that such provisions conflict with this clause, this clause shall prevail.

If Counterfeit Work or Suspected Counterfeit Work is delivered under this Order, the Seller shall at its own expense, promptly replace such Counterfeit Work or Suspected Counterfeit Work with genuine work conforming to the requirements of this Contract. Notwithstanding any other provision in this Contract, the Seller shall be liable for all costs relating to the removal and replacement of Counterfeit Work or Suspected Counterfeit Works including without limitation the Buyer’s costs of removing Counterfeit Work, of installing replacement products or materials, of any testing necessitated by the re-installation of products or materials after replacement, and any fines or penalties assessed to the Buyer as a result of the Counterfeit Work.

The Seller shall participate in monitoring the Government Industry Data Exchange Program (GIDEP) and shall act upon GIDEP reports which affect product or material delivered to the Buyer. When Suspect Counterfeit Work or Counterfeit Work associated with this Contract is discovered, the Seller

shall submit a GIDEP Report and shall ensure Suspect Counterfeit Work or Counterfeit Work is not delivered to the Buyer.

The Seller shall include this clause in all lower-tier subcontracts for the delivery of items that will be included or furnished as product or material to the Buyer.

16. Customer Communication

Seller shall not communicate with Buyer's customer or higher-tier customer in connection with this Contract, except as expressly permitted in writing by Buyer. This clause does not prohibit Seller from communicating with the U.S. Government with respect to (1) matters Seller is required by law or regulation to communicate to the U.S. Government, (2) fraud, waste, or abuse communicated to a designated investigative or law enforcement representative of a U.S. Government department or agency authorized to receive such information, (3) any matter for which this Contract, including a FAR or FAR Supplement clause included in this Contract, provides for direct communication by Seller to the U.S. Government, or (4) any material matter pertaining to payment or utilization.

17. Non-Solicitation

Seller agrees that, during the term of this Contract and for a period of one (1) year thereafter, Seller will not directly solicit or recruit the employees of the Buyer that work on this Contract for the purpose of inducing them to join their employ. The foregoing prohibition shall not include general solicitations. General solicitation includes advertisements in the general media and, except to the extent that an individual was specifically encouraged to respond to such advertisements, there shall be no restrictions on the hiring of individuals so responding.

18. Stop-Work Order

Buyer may, at any time, by written notice to Seller, require Seller to stop all or part of the work or delivery of supplies called for by this Contract for a period of up to ninety (90) days and for any additional agreed period ("Time Period"). Upon receiving such notice, Seller shall promptly comply with its terms and take all reasonable steps to avoid incurring any additional costs associated with the stopped work during the Time Period. Buyer will, prior to the end of the Time Period, either cancel the stop work order or terminate this Contract in whole or in part as permitted by this Contract. If a stop work order is issued, Buyer shall modify the delivery schedule and/or price in this Contract as Buyer deems equitable under the circumstances, provided Seller requests such change within fifteen (15) days of the end of the Time Period.

19. Termination for Convenience

Buyer shall have the right to terminate this Contract hereunder, in whole or in part, at any time, without cause, by providing written notice to Seller. If so terminated under this provision, Buyer shall not be liable for any products delivered or services initiated and/or performed after the effective date of termination. Seller shall have no claim against Buyer for services not performed, anticipatory profits lost, or indirect or consequential damages claimed to have been suffered by reason of such termination. Upon receiving notice of such termination, Seller shall:

- (i) Stop all work on the written effective date and to the extent specified;
- (ii) Place no further contracts, agreements, or orders hereunder except as may be necessary for completing such portions of the work as have not been terminated;
- (iii) Terminate all contracts, agreements, and orders to the extent that they may relate to portions of the work that have been terminated; and
- (iv) Protect all property in which Buyer has or may acquire an interest.

Buyer reserves the right to verify claims hereunder and Seller shall make available to Buyer, upon its reasonable request, all relevant books and records for inspection and audit. If Seller fails to afford Buyer its rights hereunder, Seller shall be deemed to have relinquished its claim. In no event shall Buyer be liable for lost or anticipated profits, or unabsorbed indirect costs or overhead, or for any sum in excess of the total Contract price. Seller's termination claim shall be submitted within sixty (60) days from the effective date of the termination.

20. Termination for Default

By written notice of default to Seller, Buyer may terminate this Contract in whole or in part hereunder in any one of the following circumstances:

- (i) Seller fails to make delivery of the Goods or to perform the Services within the time specified herein or any extension thereof; or
- (ii) Seller fails to perform any of the other provisions of this Contract or so fails to make progress as to endanger performance of this Contract in accordance with its terms, and in either of the circumstances specified in this subpart (a)(ii) does not cure such failure within a period of ten (10) days (or such longer period as Buyer may authorize in writing) after receipt of notice from the Buyer specifying such failure;
- (iii) Seller becomes insolvent, unable to pay its bills when due, or becomes the subject of proceedings under any law relating to bankruptcy or the relief of debtors or admits in writing its inability to pay its debts as they become due; or
- (iv) Seller fails to provide Buyer, in writing, within the time specified by Buyer, adequate assurances of performance.

If the Contract is so terminated, Buyer may procure or otherwise obtain, upon such terms and in such manner as Buyer may deem appropriate, Goods or Services similar to those terminated. Seller, subject to the exceptions set forth below, shall be liable to Buyer for any excess costs of such similar Goods or Services.

Seller shall transfer title and deliver to Buyer, in the manner and to the extent requested in writing by Buyer at or after termination, such complete or partially completed Goods or Services as Seller has produced or acquired for the performance of the terminated part of the Contract and Buyer will only pay Seller the price of the Goods and Services accepted. Seller shall also deliver to Buyer any of Seller's intellectual property, including all technical data and commercial computer software that is necessary for Buyer to perform the requirements of its prime or higher-tier contracts and/or complete its own and Seller's obligations in connection with this Contract.

Seller shall continue performance of the Contract to the extent not terminated. Buyer shall have no obligations to Seller with respect to the terminated part of the Contract except as herein provided. Buyer's rights as set forth herein shall be in addition to any other rights in case of Seller's default.

In no event shall Buyer be liable for lost or anticipated profits, or unabsorbed indirect costs or overhead, or for any sum in excess of the total Contract price. Seller's termination claim shall be submitted within sixty (60) days of the effective date of the termination.

21. Insurance

- (iii) In addition to the above requirements, the Seller is required to perform and complete an annual physical inventory, utilizing the Buyer's provided property questionnaire or certification, which will be provided at the Buyer's request of the reporting. The report must be returned to the Buyer's Procurement Representative no later than October of each year of this subcontract.
- (iv) Seller certifies that it will not accept any property under this Contract unless it is issued directly by Buyer to Seller, or unless Seller receives prior written consent from the Buyer's Procurement Representative to accept property directly from the Buyer's customer. Such consent will be granted by Buyer via a modification listing the property to be issued to Seller. Any attempts by any party to deliver property for this Contract directly to the Seller, without prior authorization by Buyer, will be reported by the Seller's contractual point of contact to the Buyer's Procurement Representative.

Buyer Rights.

- (i) With exception of unmodified commercial off-the-shelf items, Seller agrees that Buyer shall be the owner of all inventions, technology, designs, works of authorship, mask works, technical information, computer software, business information, and other information conceived, developed, or otherwise generated in the performance of this Contract by or on behalf of Seller. Seller hereby assigns and agrees to assign all right, title, and interest in the foregoing to Buyer, including without limitation all copyrights, patent rights, and other intellectual property rights therein and further agrees to execute, at Buyer's request and expense, all documentation necessary to perfect title therein in Buyer. Seller shall maintain and disclose to Buyer written records of, and otherwise provide Buyer with full access to, the subject matter covered by this clause and that all such subject matter will be deemed information of Buyer. At Buyer's request and expense, Seller shall, in every reasonable way, assist Buyer in obtaining, maintaining, and enforcing patent and other intellectual property protection on the subject matter covered by this clause.
- (ii) Seller additionally warrants that the Work performed or delivered under this Contract will not infringe or otherwise violate the intellectual property rights of any third party in the United States or any foreign country. Except to the extent that the U.S. Government assumes liability therefor, Seller shall defend, indemnify, and hold harmless Buyer, its officers, directors, employees, consultants, agents, affiliates, successors, permitted assigns and customers from and against all losses, costs, claims, causes of action, damages, liabilities, and expenses, including attorney's fees, all expenses of litigation and/or settlement, and court costs, arising out of any action by a third party that is based upon a claim that the Work performed or delivered under this Contract infringes or otherwise violates the intellectual property rights of any person or entity.
- (iii) To the extent that any pre-existing inventions, technology, designs, works of authorship, mask works, technical information, computer software, and other information or materials are used, included, or contained in the Work or deliverable items and not owned by Buyer pursuant to this or a previous agreement with Seller, Seller grants to Buyer an irrevocable,

nonexclusive, world-wide, royalty-free license to: (i) make, have made, sell, offer for sale, use, execute, reproduce, display, perform, distribute (internally or externally) copies of, transfer computer software, and prepare derivative works based upon, such pre-existing inventions, technology, designs, works of authorship, mask works, technical information, computer software, and other information or materials and derivative works thereof; and (ii) authorize others to do any, some or all of the foregoing.

- (iv) The tangible medium storing copies of all reports, memoranda or other materials in written form including machine readable form, prepared by Seller and furnished to Buyer pursuant to this Contract shall become the sole property of Buyer. Nothing in this paragraph (iv) assigns ownership of Seller's intellectual property included on such medium to Buyer.
- (v) No other provision in this Contract, including but not limited to the Indemnity Article, shall be construed to limit the liabilities or remedies of the Parties under this clause.

Third Party Intellectual Property. Seller shall not, without Buyer's prior written consent, incorporate any intellectual property owned by a third party into any deliverable. Buyer shall not unreasonably withhold consent to incorporation if Seller demonstrates that it has licenses to such intellectual property that enable it to comply with paragraphs (ii), (iii), and (iv) of Buyer Rights above.

Commercial Computer Software. To the extent that Seller provides any of its commercial computer software under this Contract, Seller's normal commercial license terms shall govern the end user's use of such commercial items, except to the extent that such normal commercial terms conflict or are inconsistent with applicable federal law or regulation. In the case of any conflict or inconsistency, the applicable federal law or regulation shall take precedence. Seller agrees that the applicability of its commercial terms is contingent upon Buyer's customer's acceptance of the commercial computer software and its accompanying commercial items terms or license. Unless the Performance Work Statement provides otherwise, only the Buyer's end-user customer is a party to the Seller's commercial terms or license. In no event will Buyer be liable for an end-user customer breach of Seller's commercial terms or license. The license to Buyer set forth in paragraph (iii) shall apply to commercial computer software, without additional cost and whether or not Buyer is a party to Seller's commercial terms, to the extent necessary to provide Buyer with rights necessary to perform the requirements of its prime or higher-tier contracts in connection with this Contract.

25. Assignment and Subcontracting

Seller shall not assign, novate or otherwise transfer by operation of law or otherwise this Contract without prior written consent from Buyer, which consent shall not be unreasonably withheld.

Except to the extent identified in Seller's proposal, Seller shall obtain Buyer's approval before subcontracting any portion of this Contract; provided, however, that this limitation shall not apply to the purchase of standard commercial supplies, raw materials, or approved subcontractors in the Seller's proposal. Seller shall notify the Buyer Procurement Representative in writing if the Seller changes the amount of a lower-tier subcontract effort after award such that it exceeds seventy percent (70%) of the total cost of work to be performed by Seller under the Contract. The notification shall identify the revised percentage of the lower-tier subcontractor's effort and shall include verification that the Seller will provide added value as related to the work to be performed by the lower-tier subcontractor(s).

26. Applicable Law

The validity, construction, and interpretation of this Contract, and the rights and duties of the Parties to this transaction, shall be governed by the laws of the State of Alabama. The courts located in the State

of Alabama shall have exclusive jurisdiction of all matters arising under this Contract, and each Party hereby consents to the jurisdiction of such courts. The invalidity of one provision of this Contract shall not affect the validity of any other provision. To the extent that the laws, rules, and regulations for U.S. Government procurement apply, then the laws commonly referred to as U.S. Government contract law shall apply.

27. Disputes

Buyer and Seller agree to first enter into negotiations to resolve any dispute arising under or relating to this Contract. Any claim, or dispute between the Buyer and Seller concerning questions of law or fact arising out of this Contract, performance by either Party, or threatened or actual breach, which is not disposed of by mutual Contract within a period of thirty (30) days after one Party has provided written notice to the other Party, shall be subject to a senior level review by the Buyer's and Seller's executive leadership.

Any unresolved dispute shall be submitted to binding arbitration administered and conducted by the American Arbitration Association. The claim, controversy or dispute shall be arbitrated before three arbitrators, one to be selected by each Party and the third to be selected by the other two selected arbitrators.

Any such arbitration shall be held in Madison County, Alabama. The Parties agree that any remedy or relief granted shall be limited and therefore under no circumstances may the arbitrators make any award that includes any amount representing loss of profits, loss of business or any other incidental, special, consequential, or punitive damages.

The decision of the arbitrators shall be final and conclusive upon the parties. The arbitrators shall apply the substantive and procedural law of the State of Alabama, without regard to any "choice of law" principles that would have the effect of applying any law other than that of Alabama, except to the extent of the Articles and other provisions incorporated herein by reference that are included in this Contract by virtue of the requirements of the Federal Acquisition Regulations or other requirements applicable to U.S. Government procurement, which provisions shall be interpreted in accordance with the law governing Federal Government procurements. Judgment upon any award rendered by the arbitrators may be entered in any court of competent jurisdiction within the State of Alabama.

Except as otherwise specifically provided in this Article neither Party shall institute any action or proceeding against the other Party in any court of law or equity with respect to any dispute, which is the subject of a claim or proceeding pursuant to this Article. Each Party hereby irrevocably waives, to the fullest extent permitted by applicable law, any right it may have to a trial by jury in respect to any litigation directly or indirectly arising out of under or in connection with this Contract.

Pending final disposition of any dispute under this Contract (including exhaustion of all appellate rights), Seller shall, at all times, proceed diligently, and in good faith, with the performance of this Contract.

28. Gratuities and Kickbacks

Seller shall not offer or give a kickback or gratuity (in the form of entertainment, gifts, or otherwise) to any Buyer employee for any reason related to this Contract.

By accepting this Contract, Seller certifies and represents that it has not made or solicited and will not make or solicit kickbacks in violation the Anti-Kickback Act of 1986 (41 USC 51-58) which are incorporated herein by this specific reference.

29. Key Personnel / Seller Personnel

If Seller designates “Key Personnel” who are essential to the successful completion and execution of this Contract in the proposal this section shall apply. Key Personnel shall perform all work necessary for the timely and quality completion of the task to which they are assigned. Seller may not substitute or replace a Key Personnel without prior written approval from Buyer Procurement Representative

Buyer reserves the right to direct the removal of any individual assigned to this Contract for any cause whatsoever.

All Seller personnel proposed and/or assigned to this Contract shall be U.S. Citizens. The Seller shall notify the Buyer Procurement Representative immediately in writing, of any proposed exceptions to this requirement.

30. New Materials

The Goods, Services, and Work to be delivered hereunder shall consist of new materials, not used, or reconditioned, remanufactured, or of such age as to impair its usefulness or safety.

31. Organizational Conflict of Interest

Seller represents and warrants that its performance of this Contract does not constitute and will not create an Organizational Conflict of Interest (OCI) as defined in FAR Part 9.5 or under any other applicable OCI clause or regulation. If during performance, Seller becomes aware of any actual or potential organizational conflict of interest caused by its performance of this Contract, Seller shall promptly notify Buyer in writing of the nature of such actual or potential Organizational Conflict of Interest. Should the Buyer or Buyer’s customer determine that there is an unmitigable OCI, the Buyer may terminate this Contract pursuant to the Termination of Convenience. This clause is in addition to any DFAR required flow-down or special Prime Contract requirement.

32. Severability

Each clause, paragraph and subparagraph of this Contract is severable, and if one or more of them are declared invalid, the remaining provisions of this Contract will remain in full force and effect.

33. Time of the Essence

Seller’s performance within the dates on the Order is a critical element of this Contract.

Failure by the Seller to deliver Goods, Services, and Work as specified on the face of the Order is a material breach of this Contract.

34. Survival

Termination or expiration of this Contract for any reason shall not release Seller from the liabilities or obligations set forth in said Contract, which remain to be performed or by their nature would be intended to be applicable following any such termination or expiration, including without limitation provisions relating to payment, funding, warranty, indemnification, intellectual property, non-disclosure, compliance with law, and disputes.

35. Entire Contract

This Contract, including all documents incorporated herein by reference, constitutes the entire Contract and understanding between the Parties and shall supersede and replace all prior or contemporaneous representations, Contracts or understandings of any kind, whether written or oral, relating to the subject matter hereof.
